U.S. TRADE AND DEVELOPMENT AGENCY

# USTDA Goals and Objectives

USTDA promotes economic growth in emerging economies by facilitating the participation of U.S. businesses in the planning and execution of priority development projects in host countries.

- Build the infrastructure for trade.
- Match U.S. technological expertise with overseas development needs.
- Create lasting business partnerships between the U.S. and emerging economies.

# USTDA Tools

## International Business Partnership Program

- Reverse Trade Missions
- Conferences/Workshops

## Project Preparation

- Technical Assistance
- Feasibility Studies/Pilot Projects
- Training Grants

U.S. TRADE AND DEVELOPMENT AGENCY

# USTDA and Clean Energy

- Priority sector for USTDA in SSEA
- Approximately 50% of portfolio in FY15
- Key member of US – ASEAN Connect
- Engagement covers all sectors:

|                 |                          |
|-----------------|--------------------------|
| Solar           | Hydro                    |
| Wind            | Geothermal               |
| Waste to Energy | Gas                      |
| Smart Grid      | Smart/Sustainable Cities |

# Keys to RE Development

- Money is available – bilateral, multilateral, funds, etc.
  - Size matters...
  - ...So does experience
- Regulatory environment and incentives
- Environmental and social assessments; community considerations
- Supporting infrastructure and resource intermittency
- Price and feedstock availability

# Case Studies

## Wind Power in Vietnam

- Feasibility study for near-offshore wind project
- Experience of developer
- Size and scalability
- Tariff
- Infrastructure support
