

SPEAKER

Kavita has more than 15 years' experience in the environment and development sector. Kavita has been involved in multi-dimensional projects like the United States Asia Environmental Partnership (US_AEP) and was instrumental in setting up the Clean Technology Environmental Management Centre (CTEM) in the Singapore Manufacturers' Association. She worked with startups and SMEs as a manager of the Singapore Association for Environmental Companies (SAFECO).

Kavita has an MSc in Environmental Management from Wye College, University of London.

Peter has more than 30 years' experience developing sustainable energy and climate programs in the U.S. and Asia. He has extensive expertise in the design, implementation, and evaluation of clean energy policy and plans, energy and climate finance, and climate change programs. He has worked in a variety of roles consulting and managing for non-profit and private consultancies and development agencies, with a focus on energy efficiency, renewable energy, finance and market incentives, and climate change.

Peter has a Master's degree in Public Health from the University of California, Berkeley, and a Ph.D. in Energy and Environmental Policy from the University of Delaware.
